Send files
(yellow button)

The screenshot shows the web interface for sending encrypted files. The browser address bar displays `sikker.forskerforbundet.no`. The interface includes a blue button labeled "Velg filer (maks 60mb)" with a red arrow pointing to it from the left and another from the right. Below this is a link "Hvordan fungerer dette?". The "Din epost (*)" field contains a redacted email address "@online.no" and is highlighted with a red box. A checkbox "Husk meg" is checked. The "Mottakers epost (*)" field contains a redacted email address "@forskerforbundet.no" and is also highlighted with a red box. To the right of these fields is a box with a lock icon and the text "Ingen filer valgt" and "Velg filer du ønsker å kryptere.". Below the email fields is a "Beskjed (150 tegn)" field containing the text "Heisann, her var det mye moro :)". At the bottom is a yellow "Send" button with a lock icon.

A confirmation that the files have been uploaded will appear on your screen:

The files have been uploaded!

The files are now stored encrypted at Forskerforbundet. An email has been sent to [recipient's email] with a copy to [your email].

< file name(s) > OK!
