Knowledge worker in the health sector?

Join Norway's largest trade union for employees in research, higher education and dissemination of knowledge!

**FORSKER
FORBUNDET**

The world needs knowledge

Knowledge workers need
Forskerforbundet

This is Forskerforbundet

Forskerforbundet – The Norwegian Association of Researchers (NAR) – is Norway's largest and leading trade union and special interest organisation for employees in research, higher education and dissemination of knowledge. We've been fighting for better working conditions since 1955.

Our members hold scientific, administrative and librarian positions at universities, university colleges, research institutes, museums, archives, university hospitals and in public administration.

Forskerforbundet has a dedicated association for clinical dietitians (KEFF) – a policy-oriented association for clinical dietitians in Norway. Membership in the association is voluntary.

Visit keff.no for more information.

Why you should become a member:

- We fight for you to get a **higher salary**.
- We have your back if you experience **work conflicts**.
- We help you negotiate the terms of your **employment contract**.
- We fight for **academic freedom** and **increased employee involvement** in the workplace.
- We offer a variety of member courses **and one of Norway's** best banking and insurance deals.

We are actively working to secure knowledge workers in the health sector:

- Good working conditions
- Less temporary employment and more permanent positions at university hospitals
- Competitive salaries
- Job security
- Time earmarked for research and development
- Opportunities for career development
